Work Session - Discussion of Safety Levy

1. Safety Levy
   a. How will CTC be dealt with and will they get some of the income generated. If not why not?
      i. This is still a discussion item. It appears that all districts agree that CTC should receive some dollars, but no method has been set for those dollars.
   b. Will every district be asking for the same amount of millage or can each district ask for a different amount?
      i. Since the levy will fall under the ESC as a consortium, the levy will be for 1 mil. Districts could go out on their own for a safety levy and set their own millage.
   c. The new money will go to our ESC and they will then redistribute it. Are they going to be taking any administrative fee or percentage for doing this?
      i. There will be no administrative fee.
   d. Will this be a permanent levy or one that will be renewed at some point?
      i. The consensus was a 10 year levy.
   e. How many of the participating districts will have levies coming up or do we think we are the only one at this point in time?
      i. Others have renewal levies in the coming years.
1. NW May 2020 7.24 mil substitute renewal
2. NE Earned Income Tax Renewal in 2026

f. Who verifies that the money is actually going towards safety and do we all agree on items that it can legally be used for?
   i. The treasurer would approve all expenditures. The levy is fairly open ended in terms of what you can do with the money. I would seek BOE input.

g. Just confirming that we have a legal opinion that the new money can be used for items already in place and being paid for?
   i. Based on the legal opinion from Ennis Britton, yes.

- Mr. Callan - If a District fails a levy then the tax payers of that District are still liable - is that correct? Dr. Hill - Yes it is County Wide
- Dr. Hill - if SCSD decides to participate, ESC has to pass a resolution to allow us to participate, then SCSD has to pass a resolution to participate.
- Dr. Hill - I am of the opinion that it would not be received well by the community if we opted to not participate. It is being pushed by the County Commissioners.
- Dr. Hill - Stark County failure was related to not being specific with the purpose.
- Dr. Hill - ten years is a good tenure - would be most beneficial with social workers.
- President Leventhal - will there be a unified message or will each district get to state the purpose? Dr. Hill there will have to be a consistent message among all the Districts.
- Mr. Callan - I believe the campaign can focus on the SRO issue and be consistent with the message by stating it freed up other dollars that were previously used for SRO for mental health services.
- President Leventhal - could result in Springfield City Police expecting an increase in purchased services for school resource officers.
- President Leventhal - the levy in May is a renewal and will not be new taxes and we haven’t asked for new money for 14 years.
- Dr. Hill - is interested in seeing the ballot language and is under the understanding that the District’s participating will not be named individually
- President Leventhal - hard to control the message with so many schools involved.
- President Leventhal - requested Dr. Hill to draft resolution language to bring it before the Board in November.
- Retention Committee will meet on 10/25/18 at 4:00 pm - discuss holding a SCSD recruitment event or commercial.

At 6:00 p.m. the Board of Education returned to Regular Session.

Board President, Ed Leventhal, led those in attendance in the Pledge of Allegiance.

Welcome by Board President, Ed Leventhal.
